

The Peace Islands Institute was invited to share its Diversity Art & Essay winning pieces on a display on November 21, 2011 at Bergen Community College. The college hosted its annual Asian Heritage Week. Ambassador Sichan Siv, the first Asian American to serve in an Ambassadorial capacity to the United Nations, visited the school and gave a lecture to all of the individuals as well as some staff. Our exhibition took place before and during this wonderful luncheon. We thank Prof. Win Win Kyi for the invite.
