

Rev. Dr. Hans Ucko, Program Executive, Interreligious Relations and Dialogue, World Council of Churches recently visited US to make speeches in a series of panel discussion on “Foundations of Interfaith Dialogue”. He made speeches on panel discussions in New Jersey, Boston and New York.

He attended the panel in NJ on December 4, 2005. After making his speeches in Boston and New York, he came back to New Jersey and met some of the representatives of the Turkish American Community at a breakfast at IDC.

We extend him our respects once again and wish that this is just very beginning of an ever lasting friendship and cooperation.
