

We, the Turkish American Muslim Community, were shocked to hear of the devastating earthquake that took place in Japan, in the morning of March 11, 2011. We extend our deepest condolences to the victims of the earthquake who lost their lives, their homes, and their livelihoods. Our thoughts and prayers are with everyone who has been wounded by this terrible quake. We ask God Almighty to give them solace and hope in the difficult days yet to come. We wish Japan an earliest recovery, materially and spiritually.
