

This event was organized by the joint effort of Muslim Student Association of Montclair State University and Interfaith Dialog Center. Dr. Jack Cuzzo and Dr. Wayne Fair focused on the evolution theory and demonstrated its falsity using scientific facts. Dr. Fatih Oncul explained how an inquisitive mind could adopt a religion. He also showed examples of Islamic perspective on science, including several Muslim scientists in the past.

Date: Monday, April 26, 2004
